BRIEF ABOUT

Future World Corporation (FWC) is a Guam-based construction company. We have been operating for more than 20 years and have numerous experiences in Hotel, Commercial and Residential projects on Guam, CNMI, FSM and Palau. Here at Future World Corporation, we are especially proud of our accomplishments. We proudly stand behind the philosophy that has helped our company grow: High Quality Work and A strong Commitment towards helping the community. Future World Corporation looks forward to continuing to play a leading role in the construction industry on Guam and our neighboring island nations.

Since the establishment of Future World Corporation, we have been a licensed contractor with the Government of Guam with good standing for many years. Our company is certified to carry out Class A and Class B of construction. We have earned the respect of both private and public sectors here on Guam. Future World Corporation will continuously work hard towards providing quality works to satisfy all of our clients.

SAFETY

Future World Corporation (FWC) has made safety a top priority. Our belief is that a safe company is not only a moral responsibility, but also dramatically increases productivity and workplace security, not to mention the cost savings to the owners. FWC is celebrating over a decade without Lost Time or a Recordable Incident. FWC works to ensure a safe and injury-free construction work environment. We are reaffirming our commitment and continual pursuit of putting safety first, being accountable and exercising integrity in moments of truth, and believing that every incident is preventable. Our employees know their safety is first priority and it shows in their work. It is through these commitments, serving as the foundation of values and behaviors, that the FWC and its clientele will produce continued success.
